The Vow of Chastity

DISCERNING THE CALL TO MISSION
ONLINE DISCUSSION
THE VOW OF CHASTITY

Consecrated Chastity is more of God's gift to us than our gift to God. It is a way of loving and must be nourished by love. It is a possible and satisfying state of life that does not hinder human fulfillment, but rather can lead to true maturity. Celibate love matures only with time, and only through lifelong cultivation does it attain full flowering.

CAMPAIGN 02

The Vow of Obedience

DISCERNING THE CALL TO MISSION
ONLINE DISCUSSION

THE VOW OF OBEDIENCE

Apostolic Obedience calls us to the Lord in his obedience, who came not to do his own will but his Father's. We bind ourselves through vowed obedience to carry out what our superiors enjoin according to the constitutions of the Society. We seek to know God's will. This implies that we as individuals and communities enter into a true process of discernment. Final decisions rest with the superior, but by this wider participation in the discernment process, insight is gained and obedience becomes more meaningful.
